Re: Draft Recommended Executive Order by the Governor of the State of  
California

Dear Sirs:

United Anglers of Southern California suggests the following change to the Draft Executive Order as posted on the Marine Life Protection Act website:

The first phrase of paragraph number 1 of the Implementation Section should read "To further implementation of the Marine Life Protection Act, and consistent with the recommendations of the MLPA Blue Ribbon Task Force and the Fish and Game Commission,..." The Fish and Game Commission continues to be the only body authorized in the Act itself and as such should be included as authority over recommendations submitted to the Ocean Protection Council.

Sincerely,

*/s/ April Wakeman*
